

ZYMR FACT SHEET

Leveraging Cloud to Accelerate Digital Transformations

ZYMR IS A SILICON VALLEY BASED CLOUD CONSULTING AND FULL-STACK SOFTWARE DEVELOPMENT SERVICES COMPANY.

We work alongside our customers as an integrated software product engineering team to deliver disruptive solutions within challenging timelines. Whether you need to migrate legacy services to the cloud, sharpen your current cloud strategy, or architect new solutions spanning multiple environments, we ensure that your initiatives realize maximum value. Design thinking matters. Domain expertise matters.

ESTABLISHED

Zymr is a four-year old company, established on 12/12/12.

STRUCTURE

We are a California 'C' Corporation with wholly-owned India delivery centers.

GEOGRAPHIES

We serve clients in the U.S., Canada, Western Europe, Singapore and Australia.

TEAM SIZE

Our 150+ cloud savvy software artisans are guided by strong technical leaders.

PORTFOLIO

We have successfully built 50+ high-quality software products using open-source technologies.

AGILE PROCESSES

We are masters of agile processes with 600+ sprints of transparent high-quality collaboration.

TARGET MARKETS

We serve technology startups and mid-market enterprises in cloud software development.

INDUSTRIES

Our experience spans SaaS, Datacenter, CyberSecurity, HealthTech, FinTech, SocialTech, and IoT.
